

My Testimony

Thursday the 2nd of Oct 19/19

It is a grand thing to have a testimony. to repeat. I will now tell you how God Spirit stroued with me before I got converted. I attended the Gospel Meeting which was held by two of the Faith Mission Sisters night after night telling Jesus & his love to us. But I was not taking any heed of it just the South from my heart. I did not really know what I went to the meetings at all. But the first thing that touched me was my Chum got converted & I left her. I did not like her company & I remember one night in the meeting the Minister was

2nd talking about those would get converted that they would be going apart from the others ones & when I heard that I thought some-body told that I departed from my chum. & I went out of the meeting that night & I came back the next night & I happened to be beside my chum. & I stayed in for the after meeting to see what was at like. & this was the second thing that struck me was when we were bowed in prayer one of the sisters asked those who were on the Lord side to put up their hand & I was beside my chum. & when I saw her putting up her hand & that I could not ^{not} minis up I recised that if I was not on the Lord side I was on satan side & I went home that night & I could not

get over that I was a sinner
& serving satan & I came back
the next night again & hearing
all of Jesus & his love to us
But the next night I came
back & I stayed in for the after
meeting & one of the sisters came
& spoke to me about my soul &
asked me would I decide for
Christ that night & Oh praise
God that he brought me
to the place of willing-ness.
& I yielded that night & I
went home rejoicing in the
Lord & I am thanking the Lord
for all that he has done
for me & I thank Him for
saving me & that He forgave
me my sins which were many,
& it is a grand thing to
know that I am saved for

this life & for the life beyond
the grave. God is good.
God is light
God is love

They ask what make me happy
my heart so free from care
It is because my saviour heard
my prayer
He brought me out of darkness.
& now the light I see.
Oh Blessed. Loving Saviour.
to Him the praise shall be,
I was a friendless wander.
till Jesus took me in
my life was full of sorrow,
my heart was full of sin
But when the Blood so precious
spoke pardon to my soul
Oh blissful blissful moment
was joy beyond control,
