

WARD Nurses' Home.

THE ROYAL INFIRMARY

EDINBURGH. 29: 5: 29.

My Ever Dear Aunt & Uncle,
I was
so sorry to hear of dear
little baby's illness - in
fact I cannot tell you how
sad I feel about it - it
is terrible. I was out there
today and saw her but
of course she didn't know
me - poor wee dear and
she looked so ill.
I have a friend who goes
out there every day and

WARD.....

THE ROYAL INFIRMARY

EDINBURGH.....

who knows one of the
resident doctors so he sees
her every day - not that
it does her any good
but I get to know how
she is when I have't
time to go out myself.
She looked so pretty and
seemed just like a wee
flower - it seems such a
stane that such a sweet
little thing should suffer,
but we must try to be
happy with the thought that

everything possible is being done
for her out there.

Now dears I am sorry
I am not beside you for
a little but I'll certainly
run out & see you one
day soon - so will close
meantime trusting you are
all well and not too sad
over it all -
with warmest love -
Your loving niece & cousin
Mary.
