

TIREE PUBLIC HALL RENOVATION APPEAL

It is now confirmed that the Scottish Education Department are supporting the Tiree Public Hall Committee in the way of grant aid towards the upgrading of the Hall, together with the District Council and the Highlands and Islands Development Board.

The Committee have over the past two years been endeavouring to raise as much money towards their share of the total cost of the project. The approximate cost of the intended scheme is £40,000 and obviously there is a shortfall of funds after the agencies funding.

To meet our commitments a realistic figure for our appeal is £15,000 to be reached before the work is commenced. We are seeking the support of all organisations and people who we think will support this worthwhile venture.

Your donations to the Chairperson, Tiree Public Hall Management Committee, or pay direct into the Royal Bank of Scotland, Scarinish - Account No. 470 222.

We appreciate and thank you in anticipation of your enthusiastic support.

*J. A. MacLennan*  
*Chairperson.*
