Dear Sir,

In reply to your enquiry for an Alarm Clock, as you are no doubt aware, on account of Government restrictions Alarm Clocks cannot now be made, and I have a very small number now remaining in stock; in fact, I have only one type left. There is a choice of a round or square cases which are finished in coloured enamel. The movement is quite a reliable one and the price is 21s.0d. The size is approximately 3½" (dial.)

If you would like to have one please send me your order and remittance as quickly as possible as I shall not be able to repeat these clocks when once present stock is exhausted.

Yours faithfully,

**IMPORTANT** In an endeavour to overcome delays and to speed up the service to my customers during the present emergency, I am dealing with all orders by post and repairs from my Birmingham Factory. Please address letters H. Samuel, Hunters Road Works, Birmingham, 19, and mark envelope "PERSONAL."
